I am strongly opposed to any bandplan on 160 meters. It's not fair to relegate a segment of the band only used by a few operators during contests certain times of the year. We have a gentlemen's agreement and it seems to be working out quite well. It appears to me that the FCC/ARRL is willing to sacrifice the rights of many for the priviledges of a few. That is not fair and constitutes a government bureauracy. Thank you for the priviledge of letting me make my comment.

Sincerely Yours,

Joe Cro ARS N3IBX
